**1. Nature of Operations and Going Concern**

Altair Resources Inc. (the “Company”) was incorporated under the provisions of the Company Act (British Columbia) on November 17, 2005. The Company is a publicly listed company with its common shares listed on the TSX Venture Exchange (“TSXV”) under the symbol “AVX” and the Frankfurt Exchange under the symbol “90A”. The Company’s head office is located at #1305 - 1090 West Georgia Street, Vancouver, British Columbia V6E 3V7 Canada.

The Company is a junior mineral exploration company currently engaged in the acquisition and exploration of mineral properties. The Company’s ability to continue as a going concern and the recoverability of the amounts capitalized as exploration and evaluation assets are dependent upon the ability of the Company to raise additional financing in order to complete the acquisition, exploration and development of its mineral property interests, the discovery of economically recoverable reserves and obtaining future profitable production or proceeds from disposition of the Company’s mineral properties. As a mineral company in the exploration stage the ability of the Company to complete the acquisition, exploration and development of its mineral property interests will be affected principally by its ability to raise adequate amounts of capital through equity financings, debt financings, joint venturing of projects and other means.

The Company has a history of losses with no operating revenue and, as at June 30, 2018, has an accumulated deficit of \$18,140,413 and working capital deficiency of \$898,433. The Company will be required to raise additional capital in order to complete the acquisitions of the property, plant and equipment and mineral property interests referred to in Note 5, conduct exploration and development activities on its mineral property interests, repay advances and maintain operations. These conditions raise significant doubt about the Company’s ability to continue as a going concern. There can be no assurances that the Company will be able to obtain additional financial resources necessary and/or achieve profitability or positive cash flows. If the Company is unable to obtain adequate additional financing the Company will be required to curtail operations, exploration and development activities and there would be significant uncertainty whether the Company would continue as a going concern and realize its assets and settle its liabilities and commitments in the normal course of business.

These condensed consolidated interim financial statements do not reflect any adjustments, which could be material to the carrying values of assets and liabilities, which may be required should the Company be unable to continue as a going concern.

**2. Basis of Preparation**

***Statement of Compliance***

These condensed consolidated interim financial statements have been prepared in accordance with IAS 34, *Interim Financial Reporting* (“IAS 34”), as issued by the International Accounting Standards Board (“IASB”), and its interpretations, using accounting policies consistent with International Financial Reporting Standards (“IFRS”). The condensed consolidated interim financial statements should be read in conjunction with the annual financial statements for the year ended March 31, 2018, which have been prepared in accordance with IFRS as issued by the IASB and interpretations of the IFRS Interpretations Committee (“IFRIC”). The accounting policies followed in these condensed consolidated interim financial statements are consistent with those applied in the Company’s consolidated financial statements for the year ended March 31, 2018.

***Basis of Measurement***

The Company’s consolidated financial statements have been prepared on the historical cost basis except for the revaluation of certain financial assets and financial liabilities to fair value. The condensed consolidated interim financial statements are presented in Canadian dollars unless otherwise stated.

**2. Basis of Preparation (continued)**

***Financial Instruments***

Effective April 1, 2018, the Company adopted IFRS 9 - *Financial Instruments* ("IFRS 9") using the modified retrospective approach. IFRS 9 did not impact the Company's classification and measurement of financial assets and liabilities. The standard did not have an impact on the carrying amounts of the Company's financial instruments at the transition date. IFRS 9 uses a single approach to determine whether a financial asset is classified and measured at amortized cost or fair value. The classification and measurement of financial assets is based on the Company's business models for managing its financial assets and whether the contractual cash flows represent solely payments for principal and interest.

Most of the requirements in IAS 39 for classification and measurement of financial liabilities were carried forward in IFRS 9.

**3. Subsidiaries**

In addition to the Company, these condensed consolidated interim financial statements include all subsidiaries. Subsidiaries are all entities over which the Company is able, directly or indirectly, to control financial and operating policies, which is the authority usually connected with holding majority voting rights. Subsidiaries are fully consolidated from the date on which control is acquired by the Company. Inter-company transactions and balances are eliminated upon consolidation. They are de-consolidated from the date that control by the Company ceases. As at June 30, 2018 the subsidiaries of the Company were:

(a) ***Pioche Project, Nevada***

The Company has entered into numerous agreements under which it has acquired or will acquire a significant position in mineral leases, plant facilities and former operating mines in the Pioche, Caselton and Comet Mining Districts of Lincoln County, Nevada (the "Pioche Project"). The agreements comprising the Pioche Project are as follows:

- (i) On April 4, 2017, as amended, the Company entered into an asset purchase agreement (the "Asset Purchase Agreement") to acquire the assets comprising the Pan American Zinc Mine and the Caselton Concentrator located in the Comet and Caselton Mining Districts of Lincoln County near Pioche, Nevada, USA. The Company has agreed to a purchase price of US \$1,425,000, of which \$221,965 (US \$165,000) was paid as at June 30, 2018. The remaining balance owing was scheduled to be paid in staged amounts, with a payment of US \$60,000 on December 1, 2017 (unpaid) and, thereafter, to be paid in quarterly installments of US \$100,000 beginning January 1, 2018 (unpaid) and bearing simple interest at 5% per annum until paid in full. The Company has been made aware that there is uncertainty over the surface rights under the Caselton Concentrator. The Company has filed a quiet title action over the surface rights and has advised the vendor that it will not make any further payments or proceed to close the Asset Purchase Agreement until the quiet title issue is resolved.

**5. Exploration and Evaluation Assets (continued)**

- (ii) On May 17, 2017 the Company entered into an assignment and assumption agreement (the “Prince Assignment”) of the lease and option to purchase agreement (the “Prince Option”) over the Prince Mine, located in Pioche Mining District, Lincoln County, Nevada, USA. The Prince Option, dated November 6, 2010, was originally held by International Silver Inc. (“ISI”), a private Arizona corporation and Prince Mine LLC (“Prince”), a private Nevada corporation. Under the Prince Option, ISI leased the Prince Mine at a cost of US \$50,000 per year with an option to purchase the Prince Mine for US \$2,750,000. Under the terms of the Prince Assignment the Company paid Prince US \$200,000, representing unpaid lease payments, and the Prince Option was assigned to the Company and extended to November 1, 2022. The Prince Option continues in effect with annual lease payments of US \$50,000 (US \$50,000 paid as at June 30, 2018).

The Prince Mine is comprised of 12 patented lode claims.

The Company’s President and CEO is a director, officer and shareholder of ISI.

- (iii) On June 15, 2017 the Company signed an agreement and purchased five mining claims in the Comet Mining District in Lincoln County, Nevada, USA, for a purchase price of US \$50,000.

- (iv) On August 12, 2017 the Company entered into an asset purchase agreement (the “Atlas Asset Purchase Agreement”) with Atlas Precious Metals Inc. (“Atlas”) to acquire the assets comprising a solvent extraction plant (the “S/X Plant”). Pursuant to the terms of the Atlas Asset Purchase Agreement the Company has agreed to acquire the S/X Plant in consideration for the Company making payments of: (i) US \$150,000 cash (US \$80,000 paid as at June 30, 2018) and; (ii) US \$270,000 payable by issuance of the Company’s common shares (the “Consideration Shares”) at a deemed value of \$0.40 per Consideration Share.

Closing of the Atlas Asset Purchase Agreement is awaiting financing by the Company.

The Company’s President and CEO, is a director, officer and shareholder of Atlas.

- (v) On March 27, 2018, the Company entered into an asset purchase agreement (the “Asset Purchase Agreement”) with Harold Shipes, the Company’s Chairman and CEO, pursuant to which the Company has agreed to purchase 16 electro-winning cells for the electro-winning of electro-manganese dioxide from Mr. Shipes for US \$80,000, payable by issuance of 2,065,600 common shares of the Company at a deemed value of \$0.05 per share. Closing of the acquisition will be subject to final documentation and submission and approval of the TSXV.

(b) ***Lejin Property, Peru***

On May 24, 2016, as amended, the Company signed an agreement (the “Lejin Agreement”) to acquire all of the issued and outstanding common shares of Epic. On October 5, 2016 the Company received TSXV approval and the Company subsequently completed the acquisition by paying \$50,000 cash and issuing 500,000 common shares of the Company at a fair value of \$92,500. The Company also paid a finder’s fee by issuing 54,905 common shares at a fair value of \$10,157.

Epic beneficially owns 100% of Panamericana which holds 100% of the rights, title and interest in the Lejin Property located in Peru.

**6. Advances Payable**

During the three months ended June 30, 2018 the Company received advances totalling \$190,000 from a shareholder of the Company. The advances are non-interest bearing and there are no formal terms of repayment. See also Note 11.

**7. Share Capital**

(a) *Authorized Share Capital*

The Company's authorized share capital consists of an unlimited number of common shares without par value. All issued common shares are fully paid.

(b) *Equity Financings*

*Three Months ended June 30, 2018*

No equity financings were completed during the three months ended June 30, 2018.

*Fiscal 2018*

During fiscal 2018 the Company completed a non-brokered private placement of 17,500,000 units at \$0.20 per unit for \$3,500,000. Each unit consisted of one common share of the Company and one share purchase warrant. Each warrant entitles the holder to purchase an additional common share of the Company at an exercise price of \$0.26 per share for a period of three years after the closing. The Company has determined the fair value of the warrant component of the private placement to be \$nil. Officers and directors of the Company purchased 750,000 units for \$150,000.

The Company paid finders' fees of \$180,180 cash, issued 280,000 common shares at a fair value of \$56,000 and issued 900,900 warrants to the finders ("finders' warrants") in connection with this offering. The finders' warrants have the same terms as the private placement warrants. The fair value of the finders' warrants has been estimated with a fair value of \$309,928 using the Black-Scholes option pricing model. The assumptions used were: a risk-free interest rate of 0.82%; expected volatility of 172.16%; an expected life of three years; a dividend yield of 0%; and an expected forfeiture rate of 0%. The Company also incurred \$19,280 for legal and filing costs associated with the private placement.

(c) *Warrants*

(d) *Share Option Plan*

The Company has established a rolling share option plan (the "Plan") in which the maximum number of common shares which can be reserved for issuance under the Plan is 10% of the issued and outstanding shares of the Company. The minimum exercise price of the options is set at the Company's closing share price on the day before the grant date, less allowable discounts. Options granted may be subject to vesting provisions as determined by the Board of Directors and have a maximum term of five years. The number of common shares reserved for issuance to any individual director or officer will not exceed five percent (5%) of the issued and outstanding common shares and the number of common shares reserved for issuance to all technical consultants will not exceed two percent (2%) of the issued and outstanding common shares.

No options were granted during the three months ended June 20, 2018.

During the three months ended June 30, 2017 the Company granted share options to purchase 1,935,000 common shares and recorded compensation expense of \$498,695. The Company also recorded compensation expense of \$4,337 on the vesting of share options previously granted.

The fair value of share options granted during the three months ended June 30 2017 was estimated using the Black-Scholes option pricing model using the following assumptions:

	<u>2017</u>
Risk-free interest rate	0.82%
Estimated volatility	169.23% - 172.16%
Expected life	3 years
Expected dividend yield	0%
Estimated forfeiture rate	0%

The weighted average fair value of all share options granted during the three months ended June 30, 2017 was \$0.25 per option.

**7. Share Capital (continued)**

Option-pricing models require the use of estimates and assumptions including the expected volatility. Changes in the underlying assumptions can materially affect the fair value estimates and, therefore, existing models do not necessarily provide a reliable measure of the fair value of the Company's share options.

A summary of the Company's share options outstanding at June 30, 2018 and 2017 and the changes for the three months ended on those dates, is as follows:

	2018		2017

**9. Financial Instruments and Risk Management**

***Categories of Financial Assets and Financial Liabilities***

Financial instruments are classified into one of the following categories: fair value through profit or loss ("FVTPL"); held-to-maturity investments; loans and receivables; available-for-sale and other financial liabilities. The carrying values of the Company's financial instruments are classified into the following categories:

Financial Instrument	Category	June 30, 2018 \$	March 31, 2018 \$
Cash	FVTPL	9,804	125,261
Amounts receivable	Loans and receivables	634	5,599

**9. Financial Instruments and Risk Management (continued)**

The Company's financial instruments recorded at fair value require disclosure about how the fair value was determined based on significant levels of inputs described in the following hierarchy:

Level 1 - Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions occur in sufficient frequency and value to provide pricing information on an ongoing basis.

Level 2 - Pricing inputs are other than quoted prices in active markets included in Level 1. Prices in Level 2 are either directly or indirectly observable as of the reporting date. Level 2 valuations are based on inputs including quoted forward prices for commodities, time value and volatility factors, which can be substantially observed or corroborated in the market place.

Level 3 - Valuations in this level are those with inputs for the asset or liability that are not based on observable market data.

The recorded amounts for amounts receivable, accounts payable and accrued liabilities and advances payable approximate their fair value. The Company's fair value of cash under the fair value hierarchy is measured using Level 1 inputs.

The Company's risk exposures and the impact on the Company's financial instruments are summarized below:

*Credit Risk*

Credit risk is the risk of loss associated with a counterparty's inability to fulfill its payment obligations. The Company's credit risk is primarily attributable to cash and amounts receivable. Management believes that the credit risk concentration with respect to financial instruments included in cash and amounts receivable is remote.

*Liquidity Risk*

Liquidity risk is the risk that the Company will not have the resources to meet its obligations as they fall due. The Company manages this risk by closely monitoring cash forecasts and managing resources to ensure that it will have sufficient liquidity to meet its obligations. All of the Company's financial liabilities are classified as current and are anticipated to mature within the next fiscal period. The following table is based on the contractual maturity dates of financial assets and the earliest date on which the Company can be required to settle financial liabilities.

	<b>Contractual Maturity Analysis at June 30, 2018</b>

**9. Financial Instruments and Risk Management (continued)**

*Market Risk*

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, foreign exchange rates, and commodity and equity prices. These fluctuations may be significant.

(a) Interest Rate Risk

The Company is exposed to interest rate risk to the extent that the cash bears floating rates of interest. The interest rate risk on cash and on the Company's obligations are not considered significant.

(b) Foreign Currency Risk

The Company's functional currency is the Canadian Dollar and major transactions are primarily transacted in Canadian Dollars and US Dollars. The Company maintains a US Dollar bank account with its Canadian bank to support the cash needs of its foreign operations. Management believes the foreign exchange risk related to currency conversions is minimal and therefore does not hedge its foreign exchange risk. At June 30, 2018, 1 Canadian Dollar was equal to 0.76 US Dollar.

Balances are as follows:

	US Dollars	CDN \$ Equivalent
Cash	991	1,278
Accounts payable and accrued liabilities	<u>(210,419)</u>	<u>(271,314)</u>
	<u>(209,428)</u>	<u>(270,036)</u>

Based on the net exposures as of June 30, 2018 and, assuming that all other variables remain constant, a 10% fluctuation on the Canadian Dollar against the US Dollar would be immaterial.

(c) Commodity Price Risk

Commodity price risk is the risk of financial loss resulting from movements in the price of the Company's commodity inputs and outputs. The Company's risk relates primarily to the expected output to be produced at its exploration and evaluation assets described in Note 5 of these consolidated financial statements, which production is not expected in the near future.

***Capital Management***

The Company's objective when managing capital is to safeguard the Company's ability to continue as a going concern such that it can provide returns for shareholders and benefits for other stakeholders. The Company considers the items included in shareholders' equity as capital. The management of the capital structure is based on the funds available to the Company in order to support the acquisition, exploration and development of mineral properties and to maintain the Company in good standing with the various regulatory authorities. In order to maintain or adjust its capital structure, the Company may issue new shares, sell assets to settle liabilities or return capital to its shareholders.

The properties in which the Company currently has an interest are in the exploration stage, as such, the Company does not recognize revenue from its exploration properties. The Company's historical sources of capital have consisted of the sale of equity securities and interest income. In order for the Company to complete its acquisitions, carry out planned exploration and development and pay for administrative costs, the Company will spend its working capital and expects to raise additional amounts externally as needed.

There were no changes in the Company's management of capital during the three months ended June 30, 2018.
